## Our short time in Bosnia

11th January 2019

From Croatia into Bosnia we were still on the Number 8 coastal road and we stayed in a place called Neme. It is on the coast but everywhere was closed for the winter but we met a guy in the street and he phoned his friend who had a apartment that we could stay at for the night then later we went into a bar to ask where we could get food and the owner of the bar took us in his car to the only restaurant open in the town where all the local people eat , so as soon as we got into Bosnia everyone was really helpful and friendly.

**Apartment and**

**The local food**

This is the only place we stayed in Bosnia as it is a short ride through the country back into Croatia.

Once again no problem at the border crossing.
